

## ***SBRC Elings Park Parasailors and Hang Gliders***

1. Hang gliders and paragliders have **PRIORITY** usage of the site and the right of way at all times.
2. No overflight of spectators or other assembled groups. Do not encroach upon the airspace or landing area that is being used by the hang gliders and paragliders. A spotter is required for each RC pilot during parasailor or hang glider operations to ensure that the RC pilot maintains safe separation from all airborne hang gliders. RC flying should be suspended at the lower site when hang gliders or paragliders are airborne.
